

ONLINE WEBINAR FOR MEMBERS

THE CONTRIBUTION OF CARBON CAPTURE & UTILISATION TOWARDS CLIMATE NEUTRALITY IN EUROPE: A SCENARIO DEVELOPMENT AND MODELLING EXERCISE

27 February 2024, 10-11:45 am (CET)

On the 27th of February from 10-11.45 am (CET), CO₂ Value Europe in cooperation with CLIMACT will be holding an online webinar for its members. The objective is to present the key results of the recently launched CO₂ Value Europe's report on the contribution of CCU towards climate neutrality in the EU and also to show how to use the open-access web-tool developed during this exercise. At the end of the webinar, members will have the opportunity to ask questions and to contribute in the discussion on the follow-up work.

TUESDAY 27 th OF FEBRUARY	
10-10:15 am	Introduction & context Dr Anastasios Perimenis, <i>Secretary General</i> , CO ₂ Value Europe
